KAC-210RG

A versatile solution to sync and charge your devices

The KAC-210 is the perfect solution for charging and syncing your iPhone and iPad through its Lightning® connector, or any other device featuring a micro USB connection. This heavy duty Lightning® to USB cable connects directly to any computer, wall or car adapter with a standard USB Type-A port. Its aluminum plated connectors as well as the sturdy braided design guarantee longer durability and resistance. It conveniently comes with a Velcro tie to keep the cable organized and in the length you need when charging. The MFI certification provides a greater level of safety and compatibility any time you use it.

Highlights

- Convenient 3.2ft long cable to better accommodate your sync and charging needs
- Braided 3.3mm-diameter cord for greater resistance and durability
- Built with aluminum housings to promote maximum signal quality and strength
- It features a charging capability of 2.4A
- It comes with a Velcro tie to reduce cable clutter and easy storage
- Apple MFI Certification provides full compatibility with Apple devices
