Specifications

General	
Input	Micro USB for charging
Input voltage	DC 5V - 2000mA
Output	DC 5V max 3100mA
Battery	
Battery type/capacity	Lithium-ion polymer 8000mAh cell
Battery charging time	Approx. 2.6 hrs
Recharge cycles	Approx. 500 times
Protection features	
Over voltage	Yes
Overcurrent	Yes
Over charge	Yes
Over discharge	Yes
Pass-through charging capability	Yes
Additional information	
Accessories	USB to micro USB cable
Dimensions	4.9x2.8x0.57in
Weight	6.9oz
Warranty	One year

**Mobile device not included*
