Stylish and portable energy to recharge your life

The **Enox15000** is a slim external power bank featuring a metal casing that is not only rugged, but also looks great while effectively dissipating excess heat. This fast charging power bank offers the ultimate on-the-go productivity by keeping your mobile device going as long as you do!

Highlights

- 15000mAh of power packed inside a slim and stylish aluminum case
- Two USB ports
- Fast charging 3.1A power bank: three times as fast compared to the standard 1A input and output
- Ultra-bright LED flashlight
- Convenient LED indicators display charge and battery status
- It stores enough energy for charging your power hungry devices several times*
- Compatible with most rechargeable portable devices
- Lasts over 500 recharge cycles over the life of the battery

Specifications

General	
Input connector	Micro-USB for charging
Input voltage	DC 5V - 2000mA
Output connector	2 x USB
Output voltage	DC 5V 3.1A
Battery	
Battery type/capacity	Lithium-ion 15000mAh cell
Battery charging time	Approx. 9 hrs
Battery standby time	225-270 days
Recharge cycles	Over 500 times
Device charging time	Up to 6 times*
Protection features	
Over voltage	Yes
Overcurrent	Yes
Over charge	Yes
Over discharge	Yes
Pass-through charging capability	Yes
Additional information	
Accessories	USB to micro USB cable
LED indicators	Yes, for battery and charging status
Flashlight	Yes
Dimensions(LxWxD)	5.7x2.9x70x1in
Weight	13oz
Warranty	One year
