Essential keyboard

The Klip Xtreme® KKS-050E keyboard is perfect for all of your standard typing needs, with guaranteed quality and durability. Just connect and use it: no time is wasted with complicated configuration or setup. The slim design makes it easy to transport and use anywhere you like. Long-lasting, water-resistant plastic protects the keyboard from the effects of spills and accidents. An elegant style and jet-black color makes it blend easily into any workspace in your home or office. Complement your PC or laptop with this useful keyboard, and start typing right away!

Highlights

- Full precision of a keyboard designed with technical specifications that guarantee a long-lasting quality
- Slim design: functionality and convenience
- Durable, spill-resistant design: Protect your keyboard from accidental spills and splashes.
- Instant, hassle-free plug and play. Don't waste valuable time on complex set up
- Black elegant style to enhance your work space at home or office
