Impressive audio and an amazing lighting display

If you are a true party enthusiast the **KLS-700** from KlipXtreme will surely keep your entertainment alive with its powerful audio and a colorful display of lights. This loudspeaker system delivers 2000 watts of music power output, and packs one 12-inch subwoofer and two 1-inch high frequency drivers into a single unit, which makes it a powerful and completely portable music machine. Built-in 7A rechargeable battery which can be used for up to 10 hours. It pairs with virtually any Bluetooth®-enabled device to stream music wirelessly up to 98.4 feet away from smartphones, tablets, laptops or any other compatible audio source. The loudspeaker also features two 1/4 inch input jacks for a guitar and a wired microphone, a digital LED display, a 3.5mm auxiliary input, and two USB ports- one with charging capability to keep your devices always charged and ready to go. A handheld wireless microphone with batteries is a great addition to your endless entertainment, and the ergonomically shaped handle and wheels will make transportation easier. The cabinet enclosure as well as the metal grid are made of extremely solid and sturdy materials to keep your sound secure and of superior quality for any room party or backyard bash.
