Reliable navigation to anchor productivity

The **KMO-505** USB ultra ergonomic vertical mouse from KlipXtreme provides a secure grip as well as a natural posture for the hand, as its six buttons are conveniently positioned right where the fingers rest. It comes ready to plug and play with a USB interface and up to 1600 DPI for maximum cursor precision. Optimize your working environment and business productivity with this stylish and innovative mouse.

Highlights

- Wired six button vertical mouse with an ultra ergonomic and contoured right-hand design to provide more efficiency and comfort during your long workday
- It provides a secure grip as well as a natural posture for the hand reducing strain and increasing everyday productivity
- The 6 buttons and scroll wheel are easy to reach which helps to reduce pinching and finger stretching
- 1000 and 1600 DPI resolution for a smooth and precise tracking on virtually any surface
- It features a rubberized mate finish coat, for an enhanced feel and convenient adjustment
- Comes ready to plug and play through its USB connection
