

C-clamp/Grommet base configuration

Gas spring

Min 2kg/4.4lb
Max 6.5kg/14.3lb
(each monitor)

Fits monitors from 13-27 inches vertically and horizontally

One-touch fully adjustable mechanism

Full-motion
Tilt 135°/Swivel 180°/
Rotation 360°

LCD/LED dual monitor mount

with gas spring mechanism

C-clamp/Grommet base configuration

Revolutionary design that makes your workspace truly flexible and comfortable

The KPM-312 allows you to reclaim your valuable desktop space, while promoting a more ergonomic posture in your work station. This rugged, black finish mount is constructed of high-grade steel and is designed to support flat or curved screens of up to 27 inches in size and 14.3lb in weight. Its sturdy grommet and C-clamp base offers superb stability even when fully extended. By integrating an innovative gas spring mechanism designed to counterbalance the weight of the monitor, it becomes incredibly smooth to extend, retract, swivel and tilt, so as to achieve optimal visibility no matter your sitting position. Installation is also greatly simplified by the use of pear-shaped slots in the VESA plates.

Specifications

Monitor screen size	13 to 27 inches (per arm)
Required load	Min 4.4lb / Max 14.3lb (per arm)
VESA compatibility	75x75, 100x100
Rotation angle	+180°~-180°
Tilt angle	+90°~-45°
Swivel angle	+90°~-90°
Mounting profile	6.29-16.1in
Physical appearance	
Material	Steel, aluminum and plastic
Color	Black
Dimensions	32.4x4.3x22.4in
Weight	8.36lb (with hardware kit)
Additional information	
Warranty	Lifetime warranty
