

Fits TVs from 32-55 inches

Height range 9.8in/
Tilt -12°+12°/
Swivel -90°+90°

One-touch fully adjustable mechanism

Fully articulated mount

with gas spring mechanism for LED/LCD and plasma displays

True viewing flexibility, with the freedom and comfort you deserve

Our **fully articulated gas spring mount** is designed to provide sturdiness and durability to support flat-panel or curved displays ranging from 32 to 55 inches. This premium-quality wall mount with its unique tilt, swivel and pan articulating arm lets you position your TV screen at the optimal viewing height and angle, whether you are sitting, standing or lying on the sofa. Its single arm design requires minimal wall space, making it ideal for mounting in confined or limited spaces. This functional VESA compliant mount is easy to install, so you can set it up and start enjoying your favorite movies and shows within minutes!

Highlights

- Suitable for 32 to 55-inch televisions weighing up to 48.5lb
- Supports standard and the latest generation of curved TVs
- Counterbalance arm ensures precise and effortless height adjustment within a 9.8 range
- Built-in spring gauge adjusts the arm tension to fit the weight of your own TV
- Tilts easily up and down for optimal viewing comfort
- Includes VESA adapter extension plates
- Solid construction, made of heavy-gauge steel
- Decorative covers conceal assembly and mounting hardware for a finished appearance
- Cable management system conceals them inside the channel
- Bubble level ensures proper positioning
