

VisorVox

Hands-free mobile speaker with Bluetooth® wireless technology

Hands-free calls no matter where life takes you
 Klip Xtreme introduces the **VisorVox**, a mobile in-car speakerphone that allows you to enjoy hands-free conversations and control over your smartphone while staying focused on the road. Featuring a large 2-watt speaker for incredibly lifelike audio, it also streams music, GPS directions and podcasts automatically when not in a call. Extremely easy to use, this mobile speaker clips onto your vehicle's sun visor and stays conveniently out of the way. It is so lightweight and compact, you can simply slip it into your pocket or bag once you get out of your car. This hands-free solution is great for the home, the office, the car, or whatever your next destination will be!

Highlights

- Noise reduction and echo cancellation technology picks up your voice, and nothing else
- Built-in sensor switches the speaker on from standby mode
- Connects to two devices at the same time and allows taking calls on either one
- Streams multimedia audio from actively paired devices
- Dedicated control buttons to answer, end or reject calls, to call the last number dialed, plus volume control and auto pairing features
- Long battery life provides up to 17 hours of talk time and 30 days of standby on-the-go
- In-car charger with additional USB cable allows you to keep your device energized on-the-go
- Bluetooth 4.1
