

# Mini II

2.0 channel USB speakers

### High quality acoustics, in a compact size

These attractive speakers from Klip Xtreme are perfect for anyone who is looking for an optimal sound in a sleek yet compact design! Space-saving size makes for easy desktop placement, and a handy volume control on the cable lets you adjust the intensity of the sound from your digital audio device. Conveniently plugging into your computer's USB port, these speakers don't require an external power adapter or additional batteries to function.
