Pouch

DJ-style
headphones

Powerful
50mm drivers

Detachable cables
Coiled 1/4 inch and 3.5mm dual duty reversible cable
Auxiliary straight cable with in-line command capsule

Driven by high-performing acoustics

The wait is over for music lovers, audiophiles and DJs who look for the perfect balance between sound quality and durability. Equipped with oversized 50mm neodymium drivers and a sensitivity of 110dB, they can handle a superb 3000mW of power. Its excellent sound reproduction is characterized by crisp highs, distinct mids and booming lows. Ultra-soft padding around the ear cups and headband makes them comfortable to wear for extended periods of time, while providing great sound isolation for DJing even in noisy environments. Dual 3.5mm and 1/4in connectors ensure versatility and compatibility with mixing gear and mobile devices. Specially built with high quality materials and swiveling ear cups, the headphones can withstand the rigors of intense use in the booth, at home or on the road

Highlights

- High-definition acoustics delivered through high-power neodymium drivers
- Perfectly balanced sound, ideal for studio, live, DJ and personal use
- Precisely tailored frequency response delivering rich bass, distinct highs and detailed midrange tones
- Over-the-ear design for effective noise isolation in loud environments
- Rotable (180 degrees) earcups allow single-sided listening to closely monitor the sound
- Adapter-free headphone featuring separate 1/4in and 3.5mm input ports
- LinkPort technology for sharing a single source with multiple headphones or sharing your music with someone else
- Includes a high-quality, retractable coiled cord, with 3.5mm and 1/4 inch plugs on each end
- Ultra-comfortable headphones, featuring a robust construction with adjustable headband
- Unique design with premium finish that will look great for many years
- Collapsible for easy portability in its attractive carrying case
- Hands-free capability with included auxiliary cable

Technical specifications

Headphone	
Form factor	Over the ear
Driver unit	Φ50mm neodymium
Maximum power output	20mW
Maximum power input	3000mW
Frequency	20Hz-20,000Hz
Impedance	32Ω±15%
Sensitivity	110 ± 3dB/mW (S.P.L at 1kHz)
Microphone	
Form factor	On cable
Directivity	Omnidirectional
Connectivity	
Connection type	3.5mm and 1/4in jacks
Additional information	
Dimensions	7x4.13x8.6in
Weight	9.1oz
Cable length	5-9.1ft coiled cable 4ft straight cable with microphone
Warranty	One year
